about

Selected Papers of Internet Research (SPIR) is the open access online collection of papers presented at the annual Internet Research (IR) International Conferences.

IRs are organized by the Association of Internet Researchers (AoIR) and date back to 2000 (IR 1.0, Kansas).

SPIR was launched at IR 12.0, 2011.

submission and publication policies

Papers included in SPIR have been selected from proposals approved for presentation during IRs, on the basis of multiple blind peer-review.

IR selection procedures are coordinated and overseen by the IR Program Chair.

SPIR's Editorial Committee is in charge of the second round of peer-review and the publication arrangements.

copyright issues

By submitting to SPIR, authors acknowledge sole responsibility for copyright issues.

AoIR, IR's Organization Committee and SPIR Editorial Committee are not liable for the content of any paper.

Authors retain copyright of papers submitted to SPIR, and grant the publication a non-exclusive right to reproduce their papers on the web.
